The Evaluation Committee reserves the right to accept or reject any or all proposals without assigning any reasons. No bidder/participant shall have any cause of action or claim against the committee for rejection of their proposal.
1. PURPOSE OF THE EOI:

This project will help in providing an inclusive tourist experience giving due recognition while preserving the rich and diverse heritage across the country. ASI as on date protects 3,686 ancient monuments and archaeological sites including 36 world heritage sites, giving a glimpse of the sheer richness, variety and diversity in India. These monuments form an integral part in promoting tourism by attracting domestic and international tourists in the country. To tap the true potential of these monuments, we need to provide basic and advanced amenities, illumination, night viewing facilities with safety and security to tourists, adaptive use of heritage site within permissible guidelines of ASI, and an overall enhanced tourist experience that will result in increase of domestic and foreign tourist footfalls.

Under the project, the heritage sites have been selected and grouped on the basis of tourist footfalls and visibility (Can be downloaded from http://www.adoptaheritage.in/pdf/indicative_list.pdf). The project plans to entrust heritage sites and monuments for adoption to the private and public sector companies and individuals who would be known as “Heritage Mitras” for providing basic and advanced amenities and complete operations and maintenance (O&M) initially for 5 years, after regular monitoring and feedback mechanism from all the stakeholders including tourists.

Ministry of Tourism hereby invites Expression of Interest (EoI) from interested Public/Private companies or individuals having demonstrated similar initiatives and/or interest in the chosen area to conceptualize, design, install, provide and maintain the listed facilities for tourists at the selected monuments preferably under CSR initiatives, at no cost to the Government, user or to the visitor by making appropriate technical infrastructural and service interventions.

In addition to associating pride with their CSR initiatives, the service provider (‘Heritage Mitras’) shall get limited visibility in vicinity of the heritage sites and also in Incredible India web portal subject to approval of Oversight and Vision Committee. Any incidental profit accrued out of the various services provided, has to be re-used in the upgradation, operations and maintenance of the facilities at the site.

To the extent possible and applicable in case of the intervention offered, the solution should preferably be multi-lingual, including prominent Indian and UN languages.

The tourist amenities have been divided in to two categories as per the project guidelines:

• Cloak room, shoe-racks/cover, washing facility etc.
• Point of Sale Terminal (PoS) machines at the Ticketing Counters to promote cashless transactions
• Canteen (with souvenir shop promoting local art and craftsmanship)

B. Advanced amenities

Advanced amenities shall be planned as per the identified monument’s tourist footfall and financial feasibility of proposed interventions.
